Planning Commission Annual Report

Port Sanilac Lighthouse (1886)

Planning Commission 2021-2022 Annual Report

Introduction

This is the second annual report of the Planning Commission. The Planning Commission is comprised of seven members (currently six members) appointed by the Village Council, one liaison from the Village Council, and the Village Zoning Administrator. The Planning Commission (PC) holds regular monthly meetings on the fourth Tuesday of each month at the Bark Shanty Community Center. The Planning Commission's task is to review site plans, land use permits, planned unit developments, rezoning, and every five years the Village Master Plan. The Planning Commission also holds public hearings for special land use permits, variance requests, and zoning text amendments.

Purpose of the Annual Report

- The Michigan Planning Enabling Act requires the Planning Commission to prepare an annual report to the Village Council:
“A planning commission shall make an annual written report to the legislative body concerning its operations and the status of planning activities, including recommendations regarding actions by the legislative body related to planning and development.”
- Increases information-sharing between the commission, council, committees, village staff, and the community.
- Allows for planning of upcoming issues and priorities, in order to prepare and budget.

Public Hearings

No public hearings were held during the year, but the Planning Commission has an ongoing list of items that have been proposed and will require a public hearing. This includes proposed amendments to definitions, zoning, and forms. Other zoning amendments are anticipated with the Master Plan review which will also require public hearings in the future.

Planning Commission 2021-2022 Annual Report

Zoning Ordinance Amendments Proposed by the Planning Commission

Two zoning ordinance amendments and two forms changes were proposed by the Planning Commission in 2021-2022. None of these have been presented at a public hearing, nor any action taken by the Village Council.

- Article 2, Section 2.3 Definitions

Filling: Filling shall mean the depositing or dumping of ground, soil, gravel, stone or fill dirt, above the average grade of the surrounding land and/or road grade, whichever is highest, except common household gardening, farming, and general ground care of a residential or agricultural character. Proposed 12/28/22

- Zoning change on the lot north of Willis' Market from Industrial to Commercial. (Lot is too small for industrial) Proposed 1/25/22
- Special Land Use Permit Application – remove the word “variance” where noted from the form, and replace with the words “Minor Non-Conforming Use” Proposed 1/25/22
- Zoning Variance Application – On the first page under “Legal Basis for Variance” remove MCL 125.585 and replace with the Michigan Zoning Enabling Act 110 of 2006, Section 125.3604. On the second page remove the section that says “The Port Sanilac Planning Commission met on (date & time) ...etc., and replace the words “Village Council” with “Zoning Board of Appeals”. Proposed 1/25/22
